RABOURDIN[®] MOLD BASES

Since the beginning, RABOURDIN has designed and produced high-quality mold tools for its customers.

RABOURDIN is revitalizing its sales offer and is now able to offer its customers mold bases machined on plan.

YOU CREATE THE WORLD ... WE CREATE ITS COMPONENT PARTS

EXPERTISE

RABOURDIN manufacturing offers its customers a quick fix by proposing the use of modern processes and treatments.

The benefits of RABOURDIN technology :

- Personalized solutions and support for each customer.
- Feasibility check upon receipt of the request.
- Controlled delivery times.
- Machining in Europe.

ACCESSORIES

As a specialist in the industrial supply of standard components, RABOURDIN has integrated partners who can equip an entire mold for plastic injection, foundry and a machine tool for cutting and stamping.

- Certified reseller of premium brands for your tools, such as: STÄUBLI, CODIPRO, CUMSA...
- Design and realization via an integrated design office for your hot blocks.
- A range of high quality insulating plates in 6, 8 mm and 10 mm thicknesses.
- A global offer for tooling your moulds; pillars, bushes, ejectors, punches...

TECHNOLOGY

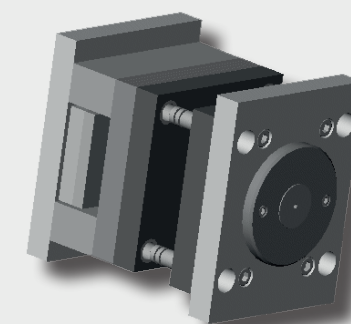

From the project phase to the first of your molds and tools, RABOURDIN is your privileged partner.

Our technical teams will support you in all phases of your project.

SIZES
