Thanks to its knowledge of technical fields and its precision know-how, RABOURDIN puts its technical teams at your disposal to obtain very specific parts for the mold and stamping fields.

In addition to the standard parts offered, Rabourdin accompanies you in your most complex projects with an offer on plan. According to your needs and specificities, we are able to propose a complete offer including a large choice of raw materials available on site.

MANUFACTURE OFF-PLAN

RABOURDIN is fully committed to the mission entrusted to it by its customers: the manufacture of a large number of parts according to drawings in small or medium-sized series, while ensuring internally controlled quality.

The advantages of the RABOURDIN offer :

- Processing of the request in 24 hours
- Manufacturing from one unit to large series
- Treatment and coating services for your parts: Dynacron, DLC, Nitriding, Annealing, Cementation, Carbonitriding, Vacuum quenching...
- Technical support
- Special supplies from STAUBLI, JDT, CODIPRO, CUMSA (cylinders) -> Exclusive to France
- Examples of materials : Brass, Steel, Stainless steel 304L

LARGE PANEL OF SPECIFIC ELEMENTS

We are able to provide you with the part you need, regardless of the areas involved and the modifications required.

- Modifications of the standard elements of the RABOURDIN catalog (diameter/length)
- Manufacture on plan diameter 100 / length 1 000
- Rings + special bronze plates with inserts
- Die punches, blanks, ejectors, glued blocks on plan, carcass on plan
- A global offer for the tooling of your moulds; columns, rings, ejectors, punches, springs...
- Special fasteners : Type 1021 out of standard length / chc out of standard length
